**Question #1:** Do you own this property? (circle one)

**YES NO**

**X** \_\_\_\_\_

Please sign here to affirm that you are the owner of this property.

### Barrier Design Options

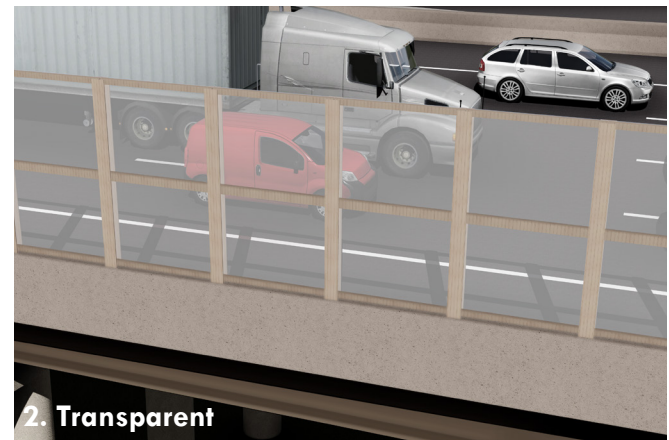

In most cases, the walls will extend ten feet above the highway barrier. The photos and renderings below illustrate their proposed appearance in the project area. The solid barrier panels are precast concrete. The transparent barrier panels are cast acrylic.

**Question #2:** For the noise barriers, which of the designs shown below do you like best? (circle one)

#### 1. Solid

#### 2. Transparent

# Please return this survey by December 31, 2015.

You may return the survey to the ballot box on the table or by mail to:

**Ms. Elaine Elbich**  
PennDOT District 6-0  
7000 Geerdes Boulevard  
King of Prussia, PA 19406  
Phone: 610.205.6846

Please let us know if you have any additional comments, questions or concerns regarding this meeting and/or noise abatement for Construction Phase 4 of the I-95 Girard Avenue Project in the space below. Feel free to attach additional sheets as needed.

*Thank you for your interest and ideas!*
